

Specialty Machines – POCKET LIFT PLUS

TECHNICAL SPECIFICATIONS

Dry Weight	2050 kg
Lifting Capacity	1800 kg
Lifting Height	264 cm
Engine	KUBOTA V1505
N. of Cylinders	3
Engine Power	24,8 cv / 18,5 kw
Engine Torque	92.6 Nm (77.4lb-ft) @1700 rpm
Emissions	Stage V - EPA Tier 4 Final
Cooling System	Liquid
Hydraulic Auxiliary Lines	1 Proportional
Hydraulic Oil Tank Capacity	34 L
Transmission	Hydrostatic Proportional
Speed	8 km/h

### TRANSPORTABLE

The lightweight and foldable design of the **Pocket Lift Plus** allows for easy transportation under a truck bed, in a van or on a trailer, while integrated lifting points provide the flexibility for crane or helicopter lifting.

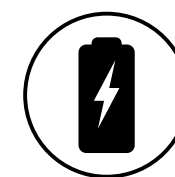

### LIGHTWEIGHT

The **Pocket Lift Plus** is a lightweight tracked forklift that is compact and foldable, which allows it to maneuver into tight spaces and under low clearances.

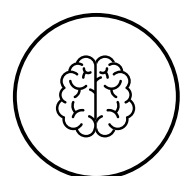

### SAFETY

The remote control integrates all movements through dual joystick. Driving and steering the tracks is extremely easy and precise with a single joystick. Precision movement and tilting of the mast is easy with the second joystick.

### ALWAYS READY FOR ACTION

The Smart Battery System (SBS) is an integrated sealed compartment that houses a battery charger for the remote control. The spare battery recharges automatically while the machine is working.

### INTUITIVE DRIVING

Simplified operations with the intuitive single-joystick system, granting the operator full control of machine movement while managing the accessories with a separate joystick with the other hand.

### DURABILITY

The **Pocket Lift Plus** is a specialty machine with an undercarriage built from high strength materials with a corrosion resistant coating.
